## II About the strategy

Date published	2012 March
Signed by a minister	Not signed
Duration	48 months
Number of pages	12

**The approach: How does the department plan to use the broader environment in which it exists (element 1) to leverage its strengths and embrace its weaknesses (element 2) so that it can provide benefits in accordance with its vision (element 3)?**

The approach is to target Vote Health funding toward programmes which will benefit the priorities of all disabled people.

Read more about the GDS's vision on the inside cover. Is the strategy illustrated? Yes, see page 10.

## III Assessing stakeholder usefulness

**If a public servant new to the policy area had an hour to read this GDS, would they be able to understand the approach (element 4) and the implementation and review processes (element 5)?**

The key points of the issue are set out simply but clearly. The context of the GDS is provided, and the strategic outcomes are very detailed. How the outcomes will be achieved is well discussed, and the GDS explains how it fits into current government initiatives.

**If an uninformed member of the public had 30 minutes to read this GDS, would they be able to understand the purpose (element 3), the approach (element 4), the implementation and review processes (element 5) and how this approach fits with the broader goals of government (element 6)?**

The overall purpose is basic, and members of the public would easily understand the overall context of the GDS. The strategic outcomes are clear, but discussion of review is very minimal.
