## II About the strategy

Date published	2012 February
Signed by a minister	Not signed
Duration	NK
Number of pages	6

**The approach: How does the department plan to use the broader environment in which it exists (element 1) to leverage its strengths and embrace its weaknesses (element 2) so that it can provide benefits in accordance with its vision (element 3)?**

The approach is to improve the efficiency of border services by highlighting priority initiatives requiring the attention and cooperation of all border agencies.

Read more about the GDS's vision on page 1.  
Is the strategy illustrated? No.

## III Assessing stakeholder usefulness

**If a public servant new to the policy area had an hour to read this GDS, would they be able to understand the approach (element 4) and the implementation and review processes (element 5)?**

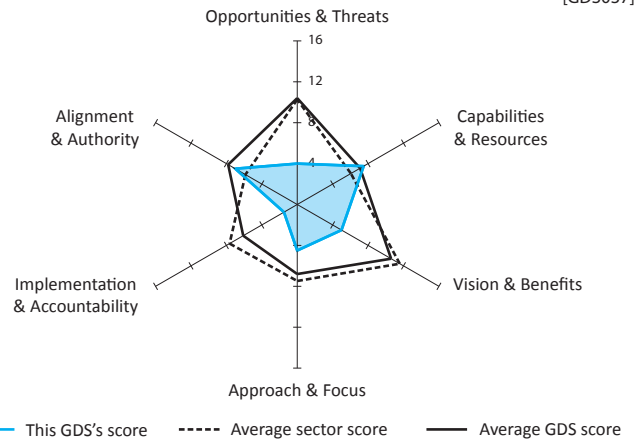

The key points of the issue are not clear; the problems, vision and opportunities and threats of the strategic focus area are not well articulated. A public servant would understand the initiatives set out, but they would not understand why these are the outcomes sought.

**If an uninformed member of the public had 30 minutes to read this GDS, would they be able to understand the purpose (element 3), the approach (element 4), the implementation and review processes (element 5) and how this approach fits with the broader goals of government (element 6)?**

The overall purpose is poorly explained, and the layout is not clear. The GDS lacks any guide for people who are not familiar with border control issues, and there is no discussion of the review processes.
