## II About the strategy

Date published	2012 November
Signed by a minister	Yes
Duration	48 months
Number of pages	14

**The approach: How does the department plan to use the broader environment in which it exists (element 1) to leverage its strengths and embrace its weaknesses (element 2) so that it can provide benefits in accordance with its vision (element 3)?**

The approach is to put Pacifica learners and their families at the centre of the education system and set the direction for Pacifica education for the next five years.

Read more about the GDS's vision on page 5.  
Is the strategy illustrated? Yes, see page 3.

## III Assessing stakeholder usefulness

**If a public servant new to the policy area had an hour to read this GDS, would they be able to understand the approach (element 4) and the implementation and review processes (element 5)?**

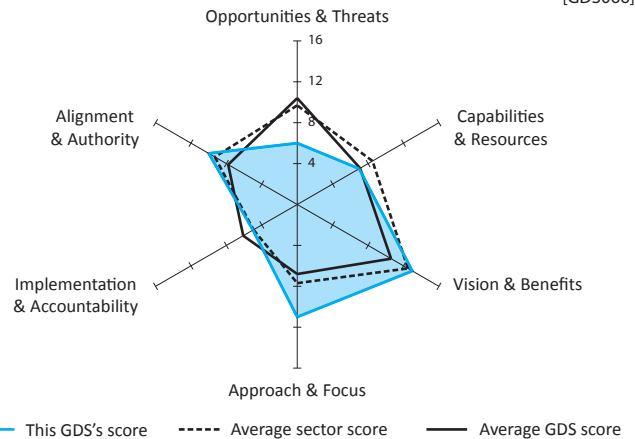

The key points of the issue are explained, as well the GDS's integration with the targets of Better Public Services. The outcomes sought and the ways they will be achieved are communicated clearly. The 'key statistics' effectively provides context.

**If an uninformed member of the public had 30 minutes to read this GDS, would they be able to understand the purpose (element 3), the approach (element 4), the implementation and review processes (element 5) and how this approach fits with the broader goals of government (element 6)?**

The overall purpose and strategic outcomes are understandable, although the structure could be clearer. There is minimal information regarding review processes.
